* OVERVIEW

Hannah Holland presents Batty Bass Records. It was born from the explosion of East London's genre crunchin, energetic, deep and dirty-dance-til-you-drop night, „Bastard Batty Bass“. One of the most talked about nights in the capital “one of London's finest clubs, every one is in it for the music” – Time Out. It's all about bringing the people fierce new flavors , beats and bass for batty shake!

Release number three and latest members to join the Batty Bass family are Jahcoozi. Both musically and culturally speaking, Jahcoozi are a mash up operation who have consistently managed to deliver their very own mongrel style of electronic pop music. True to form they deliver a more UK nod with their stompin, bottom heavy „Name-dropper“.

Solo, who's smashing dancefloors with his first releases on Dirtybird, adds a „dancehall meets Brazil in London clubland at 4am“ rhythm on the remix and head honcho Hannah Holland goes for an evil, dubbed out, ahem affair.
